WhatsApp
Messaging API

Telesign Messaging API: elevate engagement, streamline communication, and scale with ease

Omnichannel customer engagement

Enhance customer engagement with our Messaging API, reaching them seamlessly on trusted channels. Build trust and loyalty with personalized messages, staying ahead in the dynamic digital landscape.

Streamlined messaging management

Streamline business messaging, offering a seamless, centralized experience across SMS, MMS, RCS, Email, Viber and WhatsApp. Simplify workflows, enhance communication strategies, and elevate your brand impact.

Scalable market expansion

Seamlessly navigate the complexities of market and channel expansion with the Telesign all-in-one Messaging API. Stay agile and scalable by leveraging our messaging solutions, ensuring that your brand effortlessly adapts and thrives in new markets and channels.

> **"From their performance of their products to the quality of their account teams, Telesign is top notch– 10 out of 10."**
>
> Stepan Medvedev Senior Product Manager, Marketing and Affiliate Programs, Mamba

Communication leader

Telesign is a pioneer of data-driven authentication and critical communication solutions that combine intelligence, analytics, and machine learning through the customer lifecycle.

Best-in-class deliverability

Reach maximum deliverability with hundreds of direct-to-carrier routes. Telesign provides unmatched global coverage with the highest completion rates.

Telesign provides continuous trust to leading global enterprises by connecting, protecting and defending their digital identities. Telesign verifies over five billion unique phone numbers a month, representing half of the world's mobile users, and provides critical insight into the remaining billions. The company's powerful AI and extensive data science deliver identity with a unique combination of speed, accuracy and global reach. Telesign solutions prevent fraud, secure communications and enable the digital economy by allowing companies and customers to engage with confidence.
